

From Jun 29 to Aug 7: Preschool 1-6y & Primary 6-12Y

Are You Curious?

Make this summer a fun, hands-on experience.
Discover new abilities, new ideas, and new friends!

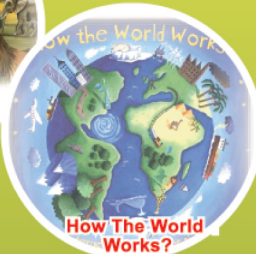

At DMS, we understand the importance of curiosity and we nurture that in every child. That's why our students get up every morning so excited to go to school!

All Summer Programs are operated by Discovery Montessori School Limited

Discovery Montessori Schools' Creative Summer!

Dr. Montessori believed nature itself to be a source of inspiration for learning. We offer a variety of exciting theme-based activities for children aged 12 months to 12 years. These include outdoor field trips and events which will open the path to each child exploring and experiencing the wonders of nature by using their senses to investigate and form observations. Your child will develop character, learn valuable life skills, make new friends, and discover new interests in a friendly and comfortable guided environment.

Come & Experience
a Fun and Exciting
SUMMER
With DMS!

- * Follow AMI Montessori Curriculum
- * AMI / MCI Montessori Teachers with over 10yr experience in average.
- * Low class ratio

The Senses,
being explorers of the world,
open the way to knowledge.

- Dr. Maria Montessori

Let's experience a Montessori Summer CAMP!

Our Montessori Summer Fun Program is designed to develop your child's personality and skills using creative Montessori learning method in a mixed-aged environment. Our summer camp is theme based with a primary focus on the Montessori Cultural studies. Each week your child will explore an interesting subject. The Camp will be language enriched in English and Putonghua, and have fun activities like **Water play, Sports, Science, Cooking, and Creative Arts**. Your child will work on developing the following areas: creativity, concentration, self-esteem, analytical thinking, language and communication skills, as well as fine-motor and gross-motor skills.

FOR PRIMARY 6-12Y

Applying some of the IB PYP unit of inquiry skills, Primary children will learn to inquire in the theme of "How the World Works?" in a fun and exciting way.

Two 3-hour Sessions each day. AM session will focus on the theme based learning and science experiments, while PM session will be emphasizing on Chinese (Mandarin) learning, Creative Writing and Extra-curricular Fun Activities such as Multisports, Film-making, Arts, and Cooking.

How The World Works?

An inquiry into the natural world and its laws; the interaction between the natural world (physical and biological).

MYSTERY SCIENCE

Week 1: Why do places have different times?

- Sun & Earth, Time zones, Design a clock

Week 2: Why do our skeletons have so many bones?

- Human body, Bones, Animal Structures

Week 3: How magical is chemical reaction?

- Matter & Mixtures, Magical Chemical Reactions

Week 4: What can magnets do?

- Forces, Motion, & Magnets, Science experiments

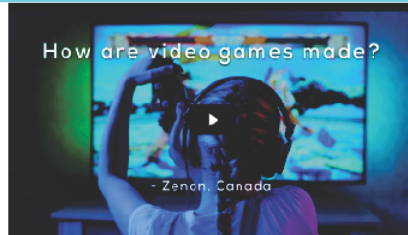

Week 5: How are video games made?

- Video Games, Design of Games Activities

Week 6: Use your creativity and AI, design a tool/product for future!

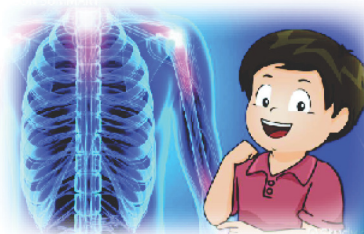

- design, 3D printing & production, research, creativity

In the 6 weeks camp, your child will inquire about the mysteries of nature, and put together knowledge of science and physical science experiments.

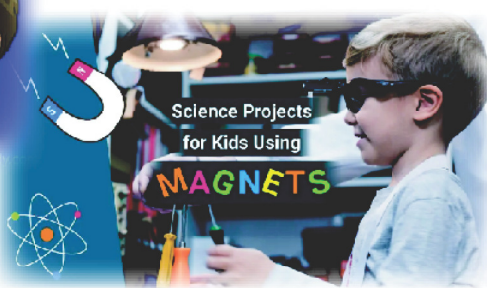

Multisports Activities:

soccer, basketball, dodgeball, badminton, rock climbing, etc

Learning about Human Body

- * Incl. Exciting Theme-based activities, Sensorial experience and Sports
- * All Casa and Primary children (AM session) are eligible to extension day option
- * Our Putonghua Immersion classes are conducted by Native-Putonghua teacher

FOR PRESCHOOL 2.5-6Y & NURSERY 1-3Y

Ocean Adventure week 1 & 2

Educating children about Ocean life reaches beyond learning facts about Ocean animals to an appreciation, affection, and respect for these living creatures. This session provides children with an exciting chance to learn about life under the Sea and to understand the importance of the Ocean animals in the circle of life on Earth. Children are invited to participate in many NEW SENSORY AND FUN activities, explorations, habitat, and art & crafts.

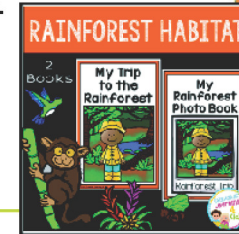

Fun Activities: Sea Foam Sensory Play & Water Play & animals booklet

Rainforest Adventure week 3 & 4

Take a walk on the wild side! Our Rainforest Adventure course is a fun way for kids to learn about animals and habitats. We will focus on rain forests and jungles, encouraging curiosity and creativity, and children will enjoy using their hands to make jungle creature crafts. Children will learn about what animals we find in the jungle, the importance of the rainforests, and how jungle life is affected by climate change.

FUN Activities: Rainforest Habitat Model & My Rainforest Photo Books & Animals Dance Party

Savanna Adventure week 5 & 6

Take a walk on the wild side in Africa! Our Savanna Adventure is a fun way for kids to learn about the wildlife and culture in Africa. We will play African Drums & music with the children. Children will learn about

Savanna animals & habitat, African Art & Crafts, African Drums & music

Games: Savannah Run! & Savannah Hunt & Savannah Habitat Booklet

Montessori Academic Programme and Sport Camp

This program is focused on the academic areas of Language and Mathematics, especially beneficial in preparing students for primary school years.

Montessori Phonics 44™ (3-6Y)

No Memorization! Sound the words out!

Montessori Language Systems incorporates 44 Phonetic sounds and uses PINK, BLUE and GREEN series of materials to help our students develop techniques of encoding and decoding words in English.

Level 1: 26 vowels & consonant sounds in the Pink Series.

Level 2: Diagraphs and double blends in the Blue Series.

Level 3: Phonograms & sentence structures in the Green Series.

Your child will learn to be a Phonetic Reader, and learn to read and spell words that s/he has never seen.

Language Activities

Montessori Math (3-6Y) / Math-Drills (6-9Y)

Is your child struggling to understand mathematics? Is your child bored with the current level of mathematics at school and longing for more Math challenges?

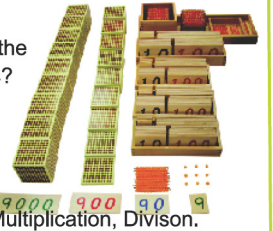

Come and explore using Montessori mathematics materials

Level 1: Association of quantities and numerals, simple Addition

Level 2: Introduction of Decimal System and Exchange System, Addition and subtraction facts.

Level 3: Arithmetic operations of Decimal Systems: Addition, Subtraction, Multiplication, Division.

Level 4: Fraction operations, Decimal Fraction operations

Putonghua Speech (3-6Y)

Our Putonghua Workshops are designed for children aged 3 to 6 years.

The workshops focus on help children develop language skills in terms of **speaking, listening, reading, and writing**. Children will learn **Chinese Poetry, Nursery Rhymes, and Speech expression**.

Read & Write. Form Sentence

PRIMARY (6-12Y) - PM Session

Creative Writing Workshop Mon-Fri 12:30-1:30pm

Writing is fun, engaging and highly creative. We challenge students to set and achieve writing goals: they are encouraged to complete well-developed, polished pieces throughout the workshop.

Advanced Putonghua & Pinyin class M-F 1:30-2:45pm

Our Putonghua Pinyin class is designed to teach students pinyin to support their chinese learning in Primary school years.

The specialized class will focus in listening, speaking, reading and writing.

Multi-sports Activities Mon-Fri 2:45 - 3:30 pm

The daily multisport programme provides a well-balance primary education in physical development. During each sport, students have the opportunity to develop motor skills, agility, balance and coordination. Students rotate between key sports: soccer, basketball, badminton, etc. All sessions will involve fun games, to enhance skills development.

"Education is a natural process spontaneously carried out by the human individual, and is acquired not by listening to words but by Experiences upon the environment."

~ Maria Montessori
